this is the third year we have dedicated our holiday open house to the fight to find a cure for breast cancer. since we began working with Susan to help raise awareness and funds, we have been blessed with an overwhelming sense of hope.

countless women and men continue to share with us their stories of triumph and loss. we have witnessed kindness, courage, strength, and unwaivering determination in each of these brave people.

this year, our grandmother began her second fight with breast cancer. her courage is inspiring, and she is winning.

so, for our grandmother, for the people who have shared their lives with us, for our friends, our family and our community, but most of all for the heroes who are fighting cancer today...we practice hope.

we will always believe that a cure can and will be found. "Wings of Hope" is dedicated to the belief that hope spings eternal. this is why, on november 9th, 10% of all of our sales will be donated to the Susan Henke Miller Breast Cancer Research Fund that directly supports local efforts to find a cure for cancer.

with hope,
